OFFICE NEXT MOSCOW 2015  
VI. INTERNATIONAL FORUM FOR OFFICE DESIGN, TECHNOLOGY AND REAL ESTATE

## **PLEASE NOTE - NEW DATE! THE SIXTH EDITION OF OFFICE NEXT MOSCOW IN AUTUMN 2015**

**Nuremberg / Moscow, December 4, 2014**

**The VI International Forum for Office Design, Technology and Real Estate will be moved to autumn 2015. The organizers of Office Next Moscow therefore follow the desire of numerous manufacturers and partners, who had recently called for the event date in the second half of the year.**

The 6th edition of Office Next Moscow was originally scheduled on May 25 – 27, 2015. Due to the economic uncertainties affected by the current political situation, the Forum management has decided to reschedule the Forum date. The exact date of the event is being coordinated - and will be notified in advance.

"Russia is and remains an attractive market for office equipment and commercial real estate," says Bernd Fichtner, Managing Director of OWP Ost-West-Partner GmbH, a successful event organizer in Russia since 25 years. "We are in close contact with the participating companies to continuously adapt the format of the Forum to the needs of our customers. Their feedback has impelled us to await for the stabilization of the situation and to postpone the Forum date."

If you have any individual questions, do not hesitate to contact us.
